

*Positively affecting your people and your business*

*Health at work affects our people, our business and our community*

Clarity Healthcare provides quality Occupational Health services and solutions to industry throughout the UK. We offer an accessible preventative approach to health in the workplace coupled with a practical approach to problem solving and partnership development.

Our unique selling point (USP) remains our ability to offer a speedy accessible service facilitated by our national network of high street locations and our fleet of mobile health screening units.

The structure of Clarity Healthcare combined with our unique systems means that we are able to provide a cost effective and pro-active occupational health service that will greatly improve the health your workforce.

Clarity Healthcare is owned and managed by a team of industry and healthcare professionals. We have unrivalled knowledge and experience of the occupational health market and fully understand the needs of the business community. Our Chairperson Cynthia Atwell, OBE is one of the most prominent and well respected figures in field of Occupational Health.

Our screening service portfolio includes:

- Pre-employment Health Screening
- Health Surveillance Screening – specific to job roles
- Night Worker Assessment
- Drug and Alcohol Testing

The above screening services incorporate a range of different tests examining work related issues such as respiratory surveillance; noise induced hearing loss and musculoskeletal disorders.

We also provide a comprehensive case management service helping to manage sickness absence effectively.
