

Bernard Sims Associates
Principal Designer/CDM Consultant

We are looking for people based in the Northern/Essex Area.

Competitive salary based on qualifications and experience.

Bernard Sims Associates is a successful, award winning, and independent health and safety consultancy. We specialise in CDM and construction health and safety and operate UK wide.

Due to an increase in business, we are now looking to appoint additional experienced and senior level Principal Designers/CDM Consultants based in the Northern/Essex area on a full-time basis. This role is based from home with an expectation to attend our office locations at intervals.

We work on hundreds of construction projects every year for a prestigious client portfolio in a variety of sectors, including on large roll-out programmes for some of our major clients. We pride ourselves on having an ongoing commitment to providing a great service to our clients and an excellent working environment for our staff.

In this role you will be responsible for providing CDM consultancy services including the role of Principal Designer and effectively managing an allocated portfolio of projects

To be considered for these roles applicants must be able to demonstrate the following: -

- An in-depth knowledge of the Construction (Design and Management) Regulations 2015
- Good senior level experience of working as a Principal Designer on a variety of projects.
- A pro-active and positive “can-do attitude” with a high level of commercial awareness
- Exemplary communication and team collaboration skills
- Strong construction related experience.
- Excellent IT skills and the ability to produce high quality documentation, presentations and reports.
- Excellent time management skills along with the ability to work effectively and collaboratively with design and project teams to ensure issues are highlighted, good practice followed, and projects successfully delivered.

Qualifications required:

To be considered for these roles you must have a NEBOSH General and NEBOSH Construction Certificate with relevant post-qualification experience.

You must be Tech IOSH or above and hold Incorporated or Certified Membership of APS.

Ideally you will have a relevant design qualification and a relevant degree or equivalent.

Experience of working within a consultancy practice is preferred.

We offer a supportive and friendly working environment alongside good opportunities for career development and continuing professional development.

We offer a competitive salary and package including car allowance, generous pension scheme, Perkbox discount package, paid membership fees for professional bodies and 26 days holiday per annum (increasing to 28 days after 5 years' service) plus bank holidays.

All applicants must possess a full UK driving licence and their own vehicle.

If you require further information or are interested in this position, please send a covering e-mail with a comprehensive up-to-date CV along with salary expectations to personnel@bsims.co.uk
